# SHERVIN

Mohammad-Amin Khani

FullStack Nodejs Developer

## ABOUT ME

Born in 1995 in Tehran. Self-taught, talented, honest, focused, reliable, creative and a go-getter.

During last 3 years I had free time to study about web development.

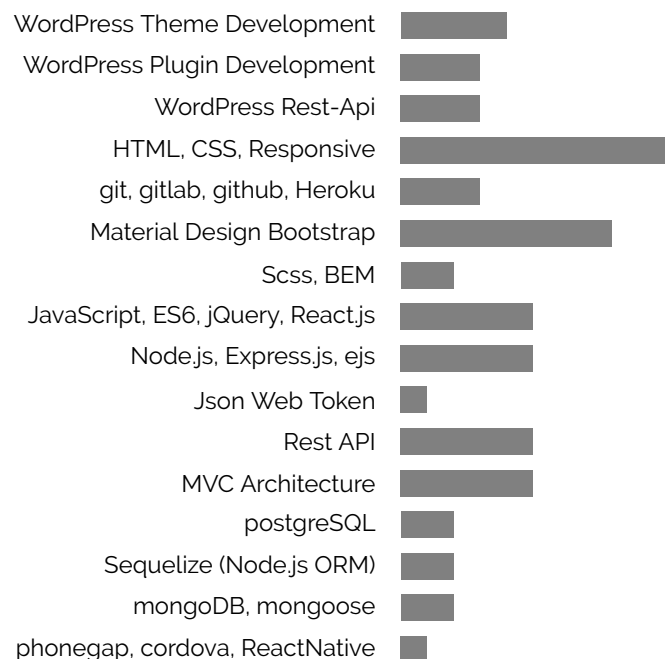

Share my knowledge in my blog and instagram. Friend with photoshop, indesign.

Graphics help me loving and understanding the relations inside a BPMS software.

Publish **junior magazine** monthly.

Recently I build **my first BPMS** with fullStack Development (Node.js + React.js) for a Company in Tehran.

Will be an entrepreneur one day, attract investors and build companies all around the world.
